En route to a new adventure in life

YOGA for balance IN LIFE

International Yoga Day celebrated at O.P. Jindal Global University with grace and gratitude. All came together to find their balance, rejuvenate their spirits, and create a healthier, happier world.

JGU team wins big at 14th Warsaw Negotiation Round 2023, Poland

The JGU Team consisting of Yashas T.R, Rishika Pandey, and Anshul Sarma, emerged as the Global finalists, ranked #6 Overall, and won the Top 5 Best Cooperative Teams Award at the prestigious 14th Warsaw Negotiation Round (WNR) 2023, Poland.

This is the third time JGU was shortlisted after a rigorous global application process wherein only the top 12 teams are invited to compete in the global finals. We would like to congratulate the team and wish them best of luck for their future endeavours.

JGU welcomes students from Bodoland, Assam, for an insightful session on 'Educational Outcome in the Age of Sustainable Development

JGU ENTREPRENEURS

Go green with JGU students’ handmade sustainable products

Manit Sankhla, pursuing B.Sc. in Environment and Sustainable Development from the Jindal School of Environment & Sustainability, has always been passionate about handmade objects and sustainability. So he launched The UMBER Store.

At The UMBER Store, Manit and his team focus on sustainable handmade items. Starting with tote bags, they are now slowly expanding. Recently, they launched their potlis collection.

Manit always wanted to do something creative in his life, but did not have clarity for a long time. “I was trying my hands at different things, and sustainability was one thing always important to me. Totes felt unique. They are handmade and sustainable for the long run. So we decided to carry this thing forward,” adds Manit.

He and his sister are now running the business of selling sustainable handmade products through Instagram and website www.theumberstore.com.

What next? “In the future, our major goal is to expand globally. We want to introduce more handmade things and spread the creativity and love for handmade things to everyone,” adds Manit.

GLOBAL LEADERS SUMMIT ENDS WITH GREAT SUCCESS

JGU Global Leaders’ Summit 2023 concluded at O.P. Jindal Global University with great success, hosting outstanding delegates!

From four prominent cities to the prestigious O.P. Jindal Global University campus, this summit showcased the pinnacle of intellectual excellence and diplomatic engagement. Over 800 passionate students competed fiercely, debating critical global challenges.

Congratulations to the

Engaging discussions, debates, and keynote addresses were a part of the summit

winners, Krishna Seth (Winner), Rishank Mehrotra (First Runner-Up), Krish Aggarwal (Second Runner-Up).

Engaging discussions, thought-provoking debates, and insightful keynote addresses made the summit an immersive experience in global affairs.

ALUMNI NEWS

Few JGU students who have done exceedingly well in various fields

“JGU gave me the best of both worlds- expressing myself, and expressing myself the way I wanted to,” Tanay Manaktala. He went to Trinity College Dublin for MSc in Entrepreneurship, and now working as a Director of Strategy and growth at Jagdamba and Group.

“I got placed with SPN Advisors. Then I joined J. Sagar Associates, one of the most reputed firms in the country, as an indirect tax attorney,” says Tanay Vyas.

“Currently, I am pursuing MSc Finance from the University of Bath in the UK. Looking back, I can say confidently that my time at JGU led me here,” says alumnus Krish Bakshi.

Ankit Malhotra worked as a Research Assistant under Chair of the Drafting Committee, Mr. Ki-Gab Park, International Law Commission.

JSES conducts plantation drive to mark the importance of World Environment Day

The Jindal School of Environment & Sustainability (JSES) conducted a plantation drive on the occasion of World Environment Day, on June 5.

Prof. (Dr.) Maharaj K. Pandit, Dean & Professor at JSES, planted tree saplings on the occasion. Dr. Rahul Devrani, Dr. Neelu Anand Jha, and other esteemed professors were also part of the drive.

Think Design Summer School by JSAA

Students take part in Think Design Summer School program organised by the Jindal School of Art and Architecture. The seven-days interactive program focused on using design, art, and creative thinking as tools to address the key problems world is facing today.

The workshop Digital Rapid Fabrication by Prof (Dr) Kiljae Ahn helped students understand Rapid Prototyping by using their smart-phones to 3D scan a variety of objects and utilize them to experience them in a variety of mediums including AR, VR and 3D printing.

The 7-days program focused on using design, art, and creative thinking

Another workshop, Making Faces, focused on mask making by students customised to their own faces using visual programming in a 3D parametric modelling environment.

The students even had the opportunity to visit Old Delhi and explore cultural and architectural heritage of the place.
