## MENTAL HEALTH MATTERS

# Sukoon hosts 'Ask Me Anything' session with students

Recently, Sukoon hosted an Ask Me Anything (AMA) session on addiction with Dr. Jatin Tarwani, (Clinical Lead, Addiction Services, Sukoon). The heart of the session wasn't just the expert on stage. It was the students of JGU asking real, thoughtful, and some tough questions.

From having a discussion on the effects of vapes and smokes on our mental health to learning how one can approach a friend who might be headed towards addiction, the session moved beyond Q&As. It turned into an open, honest chat about the things we all think but rarely talk about.
