Academic Block, O.P. Jindal Global University, Sonapat

This orientation program is designed to provide you with an introduction to the wide array of academic experiences available to you at Jindal School of International Affairs (JSIA). We believe that orientation is a unique process and not merely an event. Therefore, this programme will help you understand what it means and what it takes to be successful while studying at the JSIA.

You will be informed about the academic duties and responsibilities that you as a student of JSIA shall now undertake. This is also an opportunity for interacting and forming relationships with your peers and other members of the JSIA family. Therefore, you are encouraged to socialise, ask questions and voice your concerns so as to enable us to acclimate you to the enchanting campus and academic life at JGU in general and JSIA in particular.
